## BUSINESS NEWS ANALYSIS REPORT

### Capital Market News

#### Stock turnover continues to fall

The stock market's turnover continued to fall yesterday as investors adopted a wait-and-see policy in spite of the index making gains amidst half-yearly disclosures of listed companies. The DSEX, the benchmark index of Dhaka Stock Exchange (DSE), edged up 13 points, or 0.18 per cent, to 7,032. Turnover, an important indicator of the market, went down 8 per cent to Tk 1,117 crore at the DSE. It has declined in the preceding four days from an initial Tk 1,735 crore.

Stock market investors are adopting a wait-and-see policy as

they want to hear out companies of their half yearly performances, said a stock broker. Investors will pour their money taking into consideration earnings of the companies, he said, adding that investors were already rearranging their portfolios. At the DSE, 164 stocks advanced, 162 fell and 53 remained the same.

The BD Thai Food & Beverage continued to top the gainers' list for a second consecutive day, going up 10 per cent, followed by Square Textiles, Matin Spinning Mills, Union Insurance Company and Queen South Textile Mills. Stocks of Beximco was traded the most, worth Tk 86 crore, followed by Bangladesh Shipping Corporation, Fortune Shoes, Square Textiles and British American Tobacco Bangladesh.

Prime Islami Life Insurance went down the most, by 5.47 per cent, followed by Dosh Garments, Far Chemical Industries, Apex Foods and Bangladesh National Insurance Company. Among the major sectors, non-bank financial institutions (NBFI), textile and cement closed in the positive while food and allied, life insurance and telecom faced corrections, according to UCB Stock Brokerage.

### Industry News

**MFS cash-in hits record Tk 21,208cr in Nov**

The amount of cash-in, a form of depositing money, in mobile financial service accounts hit a fresh high in November 2021 as customers found making different kinds of payments through the MFS convenient amid a growing digital financial ecosystem. As per the latest Bangladesh Bank data, cash-in in MFS accounts increased to Tk 21,207.7 crore in November from Tk 21,049.4 crore in the previous month.

In September 2021, cash-in reached Tk 19,777.1 crore from Tk 18,669.7 crore in August of the same year. Besides cash-in, transactions through MFS also reached the second highest in the month under consideration. In November 2021, transactions through MFS reached Tk 67,966.8 crore, the highest after the Tk 71,246.9 crore in May of the year.

Prompted by rapid technology adoption by people, the MFS operators have brought a wide range of utility service providers under their network with a view to expanding the business after the Covid outbreak, officials of MFS operators said.

On the platforms of the MFS operators, one can pay electricity, gas, water, internet, telephone and credit card bills, make payments for cable or DTH and education institutions and deposit government fees, they said.

The scope for adding money or depositing money in the customers' MFS accounts from different bank accounts at ease was another reason for taking the cash-in to a record high, the officials said. In addition to these, the customers now-a-days can pay street vendors, known as micro merchants, from their MFS wallets,

another major development in the MFS ecosystem taken place in the recent months.

Apart from these, the launch of loan product for the bKash customers added new dimension to the MFS business. The cash-out service stood at Tk 18,043.9 crore in November, the third highest so far.

### **Textiles, apparel exports to US increase by 30.68pc in 2021**

The import volume of textiles and apparel from Bangladesh by the United States of America (USA) keeps growing with 30.68 per cent rise last year, according to the Office of Textiles and Apparel (OTEXA), USA. The OTEXA recently published the monthly trade data of the United State of America for the period of January-November, 2021.

The US import from Bangladesh during the mentioned period has increased by 30.68 per cent compared to the same period of 2020, whereas their global import saw 25.43 per cent growth, said Bangladesh Garment Manufacturers and Exporters Association (BGMEA) Director Mohiuddin Rubel on Sunday.

China being the top import market for USA and having a 24 per cent share of the USA's total apparel import, posted 27.29 per cent growth during this period, he said. During this period USA's import from Vietnam has grown by 12.73, per cent, reports UNB. Countries which have seen significant growth are - Pakistan 59.30 per cent, Honduras 47.10 per cent, India

35.47 per cent, and Mexico 29.67 per cent.

### **Bankers can't be fired for missing it: BB**

Efficiently completing all tasks does not guarantee appreciation from managements as attaining deposit targets is solely prioritised by private banks, which is the case for at least one mid-level official.

Stationed in a Rajshahi city branch, him and his seven fellow officials there have been tasked with mobilising Tk 100 crore this year by the head office. His personal responsibility – drawing Tk 5 crore. "It is quite impossible for me to mobilise such a large amount of deposits this year given the business volume of the city," said the official in anguish while requesting anonymity. "My bank was established in 2013, meaning it has not drawn that much of attention as of yet among clients," said the official.

Nowadays he has little time to take a break, working even while having lunch. And things are getting worse day by day as annual target volumes keep skyrocketing. "If I am unable to fulfill the target, the bank will stop giving both increments and incentives. Life does not exist here, it may be elsewhere," he said with a deep sigh.

There have been cases when the lender either sacked employees or asked them to resign for failing to achieve targets, he said. Against this backdrop, Bangladesh Bank has finally taken note of the woes of the private bankers, stepping in

yesterday to stop the "malpractice". As per the latest central bank notice, no bank will be allowed to sack or ask any employee to resign or postpone promotions over failures to attain deposit mobilisation targets. The central bank issued the notice in a clarification to a previous circular released on January 20.

## Economy News

### Govt e-transfer to individuals nearly triples

A new Bangladesh Bank platform has helped the government settle almost 100 per cent of its payments made to individuals electronically, giving a boost to the country's financial inclusion efforts. The digital transfer of funds to individuals includes salaries paid to public sector employees, cash support to the poor and marginalised, and stipends to students. The payment through the platform -- Government eTransaction Processing Hub (GeTPH) -- escalated 159 per cent year-on-year to Tk 92,139 crore last year, according to data from the central bank.

The system settles transactions made through the Bangladesh Electronic Fund Transfer Network (BEFTN), enabling beneficiaries to receive funds within a day. BEFTN facilitates the transfer of payments through banks electronically, making it a faster and more efficient means of inter-bank clearing over the paper-based

system. Although the GeTPH was introduced in October 2019, the central bank officially launched it in December last year. It has helped eliminate corruption while distributing funds under social safety net programmes.

Some 2.67 crore beneficiaries under 16 social safety net programmes are now receiving funds through the digital method. Allegations were rife that local-level public representatives manipulated the data of beneficiaries to embezzle funds. But the new platform transfers the money to the account-holders directly after the central bank receives the fund from the government, a BB official said.

Every beneficiary now has to open accounts with either banks or mobile financial service (MFS) providers. The list of the accounts is preserved with the central bank's platform. It has also cut the time needed to make the payments. Previously, the manual system took three to six months to settle the monthly payments in favour of the beneficiaries.

The central bank started to transfer salaries to government employees in 2015 on a limited scale through the BEFTN, replacing the manual system that took three to five days. Initially, the BB was able to settle around 1.15 lakh transactions per day. It has now gone past six lakh per hour after the establishment of the GeTPH. The number of transactions stood at 13.39 crore last year under the digital platform, up 350 per cent year-on-year.

## Company News

### Fresh case filed against Iqbal, Sayedur, 7 others

The Bangladesh Securities and Exchange Commission has filed a fresh case against Premier Bank chairman HBM Iqbal, Bangladesh Merchant Bankers Association president Sayedur Rahman and five other individuals and two institutions on allegation of creating 26,000 phony beneficiary owners account for embezzling initial public offering shares of Premier Bank in 2005. Dhaka's Chief Metropolitan Magistrate Court issued warrant against the accused on January 17, 2022 after the BSEC had filed the case with the court on September 21, 2021. The court set May 24 for taking the warrant back.

Besides Iqbal and Sayedur, the other accused are BRAC EPL Investment vice-chairman and former Dhaka Stock Exchange senior vice-president Saiful Islam, sacked Premier Bank managing director Kazi Abdul Mazid, the then Premier Bank Banani branch manager Syeed Nawsher Ali, former deputy managing director Nurul Alam Chowdhury, former first executive officer (DP wing) Moklesur Rahman, Premier Bank Limited and Equity Partner's Securities Limited (now BRAC EPL Stock Brokerage). Saiful Islam was managing director and Sayedur was executive director of the then EPSL.

## Paramount Textile to raise Tk 1.50b through preference shares

Paramount Textile, a sister concern of Paramount Group, has decided to issue 150 million fully redeemable non-convertible cumulative preference shares. Preference shares are shares of a company's stock with dividends that are paid out to shareholders before common stock dividends are issued. Through issuing shares, the textile maker will raise a fund worth Tk 1.50 billion for five-year tenure, the company said in a filing with the Dhaka Stock Exchange (DSE) on Tuesday.

It would be issued through private placement among the potential investors with a face value of Tk 10 each. With the funds, Paramount Textile would finance the upcoming project expansion and pay-off a portion of high-cost short term loan, according to the filing. The share issue is subject to approval of Bangladesh Securities and Exchange Commission (BSEC) and extraordinary general meeting (EGM) of the company.

The EGM will be held on March 12 at 11:00am through digital platform. The record date for the EGM is set on February 16. The said preference shares shall be fully redeemable cumulative non-convertible within five years and to be redeemed the principal amount by yearly equal installments commencing from the first-year end from the date of disbursement.

Dividend will be paid semi-annually on an arrear basis at a fixed rate. Each share of the company, which was listed on the DSE in 2013, closed at Tk 98.10 on Tuesday, losing 1.41 per cent over the previous day. Its shares traded between Tk 40.10 and Tk 109 in the last one year.

The textile maker's second quarter (Q2) earnings per share (EPS) stood at Tk 1.52 for October-December 2021 as against Tk 0.95 for October-December 2020. The company has also reported EPS of Tk 2.97 in the six months for July-December 2021 as against Tk 2.32 for July-December 2020.

Paramount Textile disbursed 20 per cent cash and 5.0 per cent stock dividend for the year ended on June 30, 2021. In 2020, it provided 15 per cent cash and 5.0 per cent stock dividend. The company's paid-up capital is over Tk 1.62 billion and authorised capital is Tk 2.0 billion, while the total number of securities is 162.83 million. The sponsor-directors own 60.95 per cent stake in the company, while institutional investors own 9.24 per cent, foreign investors 4.10 per cent and the general public 25.71 per cent as on December 31, 2021, the DSE data shows.
